

REMARKS

This paper is a timely Response to the Notice of Drawing Inconsistency with Specification mailed January 30, 2008 ("Notice of Drawing Inconsistency with Specification"). The deadline by which to respond in a timely manner is March 5, 2008 as set forth in the Notice of Allowability mailed December 5, 2007.

The Notice of Drawing Inconsistency with Specification states that FIGS. 7A and 7B are contained in the Drawings but are not listed in the Brief Description of the Drawings in the specification.

Applicants have corrected the drawing/specification inconsistency, noted in the Notice of Drawing Inconsistency with Specification, by amending the Brief Description of the Drawings section to include a new paragraph that states "FIGS. 7A and 7B are trellis diagrams according to at least some aspects of one or more embodiments according to the present invention".

It is therefore respectfully submitted that the noted inconsistency between the Drawings and the Brief Description of the Drawings section of the specification has been resolved.

The Commissioner is hereby authorized to charge any additional fees, to charge any fee deficiencies or to credit any overpayments to the deposit account of McAndrews, Held & Malloy, Account No. 13-0017.

Dated: March 5, 2008

Respectfully submitted,

/Michael T. Cruz/
